

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. The Commonwealth of Massachusetts

GENERAL ACTS OF 1915, CHAPTER 296.

AN ACT RELATIVE TO THE REGISTRATION OF PERSONS, FIRMS AND CORPORATIONS DESIGNING TO INSTALL WIRES OR APPARATUS FOR ELECTRIC LIGHT, HEAT OR POWER PURPOSES.

Be it enacted, etc., as follows:

SECTION 1. Except as hereinafter provided, no person, firm or corporation shall, after the first day of September, nineteen hundred and fifteen, enter into, engage in, or work at the business of installing wires, conduits, apparatus, fixtures or other appliances for carrying or using electricity for light, heat or power purposes in this commonwealth, either as a master or employing electrician or as a journeyman electrician, unless such person, firm, or corporation shall have received a license or certificate therefor, issued by the board provided for in section two of this act and in accordance with the provisions hereinafter set forth.

The words "master or employing electrician" as used in this act shall mean a corporation, firm or person, having a regular place of business, who, by the employment of journeymen, performs the work of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

The word "journeyman" as used in this act shall mean a person who does any work of installing wires, conduits, apparatus, fixtures and other appliances for hire.

SECTION 2. On and after the first day of July, in the year nineteen hundred and fifteen, the chairman of the civil service commission, the fire prevention commissioner for the metropolitan district and the commissioner of education shall constitute the state examiners of electricians. They shall employ as clerk a practical electrician, who is a wage earner, and a citizen of the commonwealth, who has had at least ten years experience in the installation of wires and appliances for carrying electricity for light, heat or power purposes. He shall receive such salary as shall be determined by the state examiners, subject to the approval of the governor and council, and shall hold his office for a term of three years. The three examiners shall receive no compensation for their services under the terms of this act. The compensation of the clerk and the travelling and other necessary expenses of the state examiners, not however to exceed

five hundred dollars in the aggregate for each of the members thereof, shall, when approved by the governor and council, be paid from the treasury of the commonwealth.

The state examiners of electricians may make necessary rules for the proper performance of their duties.

They shall hold frequent examinations in the city of Boston, and, twice in each year, shall hold examinations in at least five other convenient places within the commonwealth, and they may hold annual or occasional examinations in other places. Public notice shall be given of all examinations.

The state examiners of electricians shall annually, on or before the first Wednesday in January, transmit to the secretary of the commonwealth a report to the general court of its doings.

In the conduct of the examinations they shall make uniform requirements for all cities and towns, which may be revised from time to time, as circumstances may require. Said examinations shall be sufficiently frequent to give ample opportunity for all applicants to be thoroughly and carefully examined, and may be supervised by one or more of the members of the board, but no licenses shall be granted without the sanction of the board. Examinations may be given in writing or practical work, as deemed most advisable by the board.

The records of the meeting of said board shall be open for inspection at all times, and the board shall have printed annually a manual of its regulations, including the names of all licensees.

SECTION 3. (1) Two forms of licenses shall be issued: — The first, hereinafter referred to as "certificate A," shall be known as "master electrician's certificate," the second, hereinafter referred to as "certificate B," shall be known as a "journeyman electrician's certificate."

A "master's certificate" shall be issued to any person, firm or corporation engaged in or about to engage in the business of installing electrical wires, conduits, apparatus, fixtures and other electrical appliances, that shall have qualified under the provisions of this act. A certificate of registration shall be issued specifying the name of the person, firm or corporation so applying, and the name of the person passing said examination, by which he or it shall be authorized to enter upon or engage in business as set forth therein: *provided, however*, that any person, firm or corporation that has been engaged in said business for at least five years next prior to the date of the application shall not be required to pass said examination, but shall present proof of fitness.

The holding of "certificate A" shall not entitle the holder individually to engage in or perform the actual work of installing electric wires, conduits and appliances as previously described in this act, but shall entitle him to conduct business as an employing or master electrician.

(2) "Certificate B," or a journeyman electrician's license, shall be granted to any person who has passed an examination before the examining board provided for in this act, or who shall present proof of fitness and that he has gained his livelihood by the occupation of electrician for five consecutive years next prior to the date of application. A certificate shall be issued specifying the name of the person so engaged, by which certificate such person shall be authorized to enter upon or engage in the occupation of journeyman electrician.

Every person desiring an examination shall make application therefor in writing, accompanied by the proper fee. The fee for an examination for certificate "A" shall be twenty-five dollars and that for certificate "B" shall be one dollar. An applicant who fails in his examination shall not have his fee returned to him, but shall be entitled to one re-examination free of charge. For each subsequent re-examination, he shall pay fifteen dollars in the case of certificate "A" and fifty cents in the case of certificate "B."

(3) All certificates "A" described in paragraph (1) of this section shall expire on the thirty-first day of July in each year, but may be renewed by the same person, firm or corporation, as represented by one or more of its members or officers, without further examination, upon the payment of a fee of fifteen dollars, application therefor being made during the month next prior to said expiration of said certificate.

(4) All certificates "B" described in paragraph (2) of this section shall expire on the thirty-first day of July in each year, but may be renewed upon the payment of a fee of fifty cents, and upon the same conditions set forth in paragraph (3) of this section.

(5) All holders of certificates "A" shall keep their certificate of registration displayed in a conspicuous place in their principal offices or places of business, and all holders of certificates "B" shall be furnished by said board with evidence of their having been so licensed, in card form or otherwise, which shall be carried on the person of the licensee and exhibited on request.

SECTION 4. No certificates issued under the provisions of this act, to either master or journeyman, shall be assignable or transferable. Said certificates may be suspended or revoked by the board of examiners upon failure or refusal of the licensee to comply with the rules and requirements of said business as set forth by the board of gas and electric light commissioners, and for other and sufficient causes after a hearing has been held. Such suspension or revocation by said board shall be subject to review by the board of gas and electric light commissioners.

SECTION 5. Any person, firm or corporation, or employee thereof, and any representative, or any member or officer of such firm or corporation individually entering upon or engaging in the business and work hereinbefore defined, without having complied with the provisions of this act, shall be punished by a fine of not less than ten dollars nor more than one hundred dollars for the first offence, and for a second offence by a fine of not less than fifty nor more than five hundred dollars, or by six months' imprisonment in the house of correction, or by both such fine and imprisonment.

SECTION 6. No person, firm or corporation holding a master's certificate shall be held liable for work done by any of his or its employees without authorization, unless it shall appear that such work was done with his or its knowledge or consent or by his or its authorization.

All fees and fines collected under the provisions of this act shall be paid into the treasury of the commonwealth as hereinbefore provided.

SECTION 7. This act shall not apply to the installation, repairing and wiring of elevators or to work in connection with the erection, construction, maintenance or repair of lines for the transmission of

electricity from the source of supply to the service switch on the premises where it is used by municipal electric plants, by electric companies as defined in section one of chapter seven hundred and forty-two of the acts of the year nineteen hundred and fourteen, or by gas companies authorized to engage in the business of making or selling electricity, by electric street railway companies or by electric railroad companies or by railroad companies; nor to the work of such plants or companies on premises owned or controlled by them; nor to the work of said municipal electric plants or of said electric or gas companies in installing, maintaining and repairing, on the premises of customers, service connections and meters and other apparatus and appliances which remain the property of such plants or companies after installation; nor to work in connection with the lighting of streets, alleys, private ways or private or public parks, areas or squares; nor to the work of companies incorporated for the transmission of intelligence by electricity in installing, maintaining or repairing wires, apparatus, fixtures or other appliances used in the business of such companies and necessary for or incident to such business, and whether such wires, conduits, apparatus, fixtures or other appliances are on its own premises or otherwise.

SECTION 8. Nothing in this act shall be construed as forbidding the employment of learners or apprentices working with and under the direct personal supervision of journeymen electricians duly certified as provided in this act.

Electricians employed by theatrical companies may install such temporary wiring and appliances as may be required for the purpose of the engagement of any such company, subject to the supervision of some person licensed under the provisions of this act.

Electricians regularly employed by firms or corporations other than holders of class "A" certificates may install such electrical wiring, conduits and appliances or make such repairs as may be required only on the premises and property of said firms or corporations: *provided*, that said electricians hold a journeyman's license and have complied with all provisions set forth in this act.

SECTION 9. Any person applying for a journeyman's license who makes any misstatement as to his experience or other qualifications, or any person, firm or corporation subscribing to or vouching for any such misstatement, shall be liable to the penalties set forth in section four of this act.

SECTION 10. All acts and parts of acts inconsistent herewith are hereby repealed.

SECTION 11. This act shall take effect upon its passage, except that its provisions imposing penalties shall not become operative until the board shall have been organized and at least sixty days shall have been allowed to enable applicants to secure licenses or certificates. [*Approved May 28, 1915.*]

Secretary of the Commonwealth shall write and forward.

The State Examiners of Electricians have to do with the licensing of electricians only. Inspection and supervision of wiring is entirely under the jurisdiction of local authorities.

The Commonwealth of Massachusetts.

GENERAL ACTS OF 1915, CHAPTER 296.

AN ACT RELATIVE TO THE REGISTRATION OF PERSONS, FIRMS AND CORPORATIONS DESIGNING TO INSTALL WIRES OR APPARATUS FOR ELECTRIC LIGHT, HEAT OR POWER PURPOSES.

Be it enacted, etc., as follows:

SECTION 1. Except as hereinafter provided, no person, firm or corporation shall, after the first day of September, nineteen hundred and fifteen, enter into, engage in, or work at the business of installing wires, conduits, apparatus, fixtures or other appliances for carrying or using electricity for light, heat or power purposes in this commonwealth, either as a master or employing electrician or as a journeyman electrician, unless such person, firm, or corporation shall have received a license or certificate therefor, issued by the board provided for in section two of this act and in accordance with the provisions hereinafter set forth.

The words "master or employing electrician" as used in this act shall mean a corporation, firm or person, having a regular place of business, who, by the employment of journeymen, performs the work of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

The word "journeyman" as used in this act shall mean a person who does any work of installing wires, conduits, apparatus, fixtures and other appliances for hire.

SECTION 2. On and after the first day of July, in the year nineteen hundred and fifteen, the chairman of the civil service commission, the fire prevention commissioner for the metropolitan district and the commissioner of education shall constitute the state examiners of electricians. They shall employ as clerk a practical electrician, who is a wage earner, and a citizen of the commonwealth, who has had at least ten years experience in the installation of wires and appliances for carrying electricity for light, heat or power purposes. He shall receive such salary as shall be determined by the state examiners, subject to the approval of the governor and council, and shall hold his office for a term of three years. The three examiners shall receive no compensation for their services under the terms of this act. The compensation of the clerk and the travelling and other necessary expenses of the state examiners, not however to exceed

five hundred dollars in the aggregate for each of the members thereof, shall, when approved by the governor and council, be paid from the treasury of the commonwealth.

The state examiners of electricians may make necessary rules for the proper performance of their duties.

They shall hold frequent examinations in the city of Boston, and, twice in each year, shall hold examinations in at least five other convenient places within the commonwealth, and they may hold annual or occasional examinations in other places. Public notice shall be given of all examinations.

The state examiners of electricians shall annually, on or before the first Wednesday in January, transmit to the secretary of the commonwealth a report to the general court of its doings.

In the conduct of the examinations they shall make uniform requirements for all cities and towns, which may be revised from time to time, as circumstances may require. Said examinations shall be sufficiently frequent to give ample opportunity for all applicants to be thoroughly and carefully examined, and may be supervised by one or more of the members of the board, but no licenses shall be granted without the sanction of the board. Examinations may be given in writing or practical work, as deemed most advisable by the board.

The records of the meeting of said board shall be open for inspection at all times, and the board shall have printed annually a manual of its regulations, including the names of all licensees.

SECTION 3. (1) Two forms of licenses shall be issued: — The first, hereinafter referred to as "certificate A," shall be known as "master electrician's certificate," the second, hereinafter referred to as "certificate B," shall be known as a "journeyman electrician's certificate."

A "master's certificate" shall be issued to any person, firm or corporation engaged in or about to engage in the business of installing electrical wires, conduits, apparatus, fixtures and other electrical appliances, that shall have qualified under the provisions of this act. A certificate of registration shall be issued specifying the name of the person, firm or corporation so applying, and the name of the person, passing said examination, by which he or it shall be authorized to enter upon or engage in business as set forth therein: *provided, however*, that any person, firm or corporation that has been engaged in said business for at least five years next prior to the date of the application shall not be required to pass said examination, but shall present proof of fitness.

The holding of "certificate A" shall not entitle the holder individually to engage in or perform the actual work of installing electric wires, conduits and appliances as previously described in this act, but shall entitle him to conduct business as an employing or master electrician.

(2) "Certificate B," or a journeyman electrician's license, shall be granted to any person who has passed an examination before the examining board provided for in this act, or who shall present proof of fitness and that he has gained his livelihood by the occupation of electrician for five consecutive years next prior to the date of application. A certificate shall be issued specifying the name of the person so engaged, by which certificate such person shall be authorized to enter upon or engage in the occupation of journeyman electrician.

Every person desiring an examination shall make application therefor in writing, accompanied by the proper fee. The fee for an examination for certificate "A" shall be twenty-five dollars and that for certificate "B" shall be one dollar. An applicant who fails in his examination shall not have his fee returned to him, but shall be entitled to one re-examination free of charge. For each subsequent re-examination, he shall pay fifteen dollars in the case of certificate "A" and fifty cents in the case of certificate "B."

(3) All certificates "A" described in paragraph (1) of this section shall expire on the thirty-first day of July in each year, but may be renewed by the same person, firm or corporation, as represented by one or more of its members or officers, without further examination, upon the payment of a fee of fifteen dollars, application therefor being made during the month next prior to said expiration of said certificate.

(4) All certificates "B" described in paragraph (2) of this section shall expire on the thirty-first day of July in each year, but may be renewed upon the payment of a fee of fifty cents, and upon the same conditions set forth in paragraph (3) of this section.

(5) All holders of certificates "A" shall keep their certificate of registration displayed in a conspicuous place in their principal offices or places of business, and all holders of certificates "B" shall be furnished by said board with evidence of their having been so licensed, in card form or otherwise, which shall be carried on the person of the licensee and exhibited on request.

SECTION 4. No certificates issued under the provisions of this act, to either master or journeyman, shall be assignable or transferable. Said certificates may be suspended or revoked by the board of examiners upon failure or refusal of the licensee to comply with the rules and requirements of said business as set forth by the board of gas and electric light commissioners, and for other and sufficient causes after a hearing has been held. Such suspension or revocation by said board shall be subject to review by the board of gas and electric light commissioners.

SECTION 5. Any person, firm or corporation, or employee thereof, and any representative, or any member or officer of such firm or corporation individually entering upon or engaging in the business and work hereinbefore defined, without having complied with the provisions of this act, shall be punished by a fine of not less than ten dollars nor more than one hundred dollars for the first offence, and for a second offence by a fine of not less than fifty nor more than five hundred dollars, or by six months' imprisonment in the house of correction, or by both such fine and imprisonment.

SECTION 6. No person, firm or corporation holding a master's certificate shall be held liable for work done by any of his or its employees without authorisation, unless it shall appear that such work was done with his or its knowledge or consent or by his or its authorisation.

All fees and fines collected under the provisions of this act shall be paid into the treasury of the commonwealth as hereinbefore provided.

SECTION 7. This act shall not apply to the installation, repairing and wiring of elevators or to work in connection with the erection, construction, maintenance or repair of lines for the transmission of

electricity from the source of supply to the service switch on the premises where it is used by municipal electric plants, by electric companies as defined in section one of chapter seven hundred and forty-two of the acts of the year nineteen hundred and fourteen, or by gas companies authorized to engage in the business of making or selling electricity, by electric street railway companies or by electric railroad companies or by railroad companies; nor to the work of such plants or companies on premises owned or controlled by them; nor to the work of said municipal electric plants or of said electric or gas companies in installing, maintaining and repairing, on the premises of customers, service connections and meters and other apparatus and appliances which remain the property of such plants or companies after installation; nor to work in connection with the lighting of streets, alleys, private ways or private or public parks, areas or squares; nor to the work of companies incorporated for the transmission of intelligence by electricity in installing, maintaining or repairing wires, apparatus, fixtures or other appliances used in the business of such companies and necessary for or incident to such business, and whether such wires, conduits, apparatus, fixtures or other appliances are on its own premises or otherwise.

SECTION 8. Nothing in this act shall be construed as forbidding the employment of learners or apprentices working with and under the direct personal supervision of journeymen electricians duly certified as provided in this act.

Electricians employed by theatrical companies may install such temporary wiring and appliances as may be required for the purpose of the engagement of any such company, subject to the supervision of some person licensed under the provisions of this act.

Electricians regularly employed by firms or corporations other than holders of class "A" certificates may install such electrical wiring, conduits and appliances or make such repairs as may be required only on the premises and property of said firms or corporations: *provided*, that said electricians hold a journeyman's license and have complied with all provisions set forth in this act.

SECTION 9. Any person applying for a journeyman's license who makes any misstatement as to his experience or other qualifications, or any person, firm or corporation subscribing to or vouching for any such misstatement, shall be liable to the penalties set forth in section four of this act.

SECTION 10. All acts and parts of acts inconsistent herewith are hereby repealed.

SECTION 11. This act shall take effect upon its passage, except that its provisions imposing penalties shall not become operative until the board shall have been organized and at least sixty days shall have been allowed to enable applicants to secure licenses or certificates. *Approved May 28, 1915.*

GENERAL ACTS OF 1916, CHAPTER 199.

AN ACT RELATIVE TO THE REGULATION OF THE BUSINESS OF INSTALLING WIRES OR APPARATUS FOR ELECTRIC LIGHT, HEAT OR POWER PURPOSES.

Be it enacted, etc., as follows:

SECTION 1. The action of the board of gas and electric light commissioners in adopting rules and requirements for the business of installing wires, conduits, apparatus, fixtures or other appliances for carrying or using electricity for light, heat or power purposes, under the provisions of section four of chapter two hundred and ninety-six of the General Acts of the year nineteen hundred and fifteen, is hereby ratified and confirmed.

SECTION 2. Chapter two hundred and ninety-six of the General Acts of the year nineteen hundred and fifteen is hereby amended by striking out section four and inserting in place thereof the following:

— *Section 4.* No certificates issued under the provisions of this act to either master or journeyman shall be assignable or transferable. Said certificates may, after a hearing, be suspended or revoked by the board of examiners upon failure or refusal of the licensee to comply with the rules and requirements of said business as set forth by said examiners, or for other sufficient cause.

SECTION 3. The provisions of this act, so far as they are the same as those of existing statutes shall be construed as a continuation thereof and not as a new enactment.

SECTION 4. This act shall take effect upon its passage. *Approved May 12, 1916.*

GENERAL ACTS OF 1918, CHAPTER 213.

AN ACT RELATIVE TO THE RENEWAL OF CERTAIN ELECTRICIANS' CERTIFICATES HELD BY MEN IN THE MILITARY OR NAVAL SERVICE OF THE UNITED STATES.

Be it enacted, etc., as follows:

SECTION 1. Any master electrician's certificate or journeyman electrician's certificate granted under the provisions of chapter two hundred and ninety-six of the General Acts of nineteen hundred and fifteen and expiring while the holder thereof is in the military or naval service of the United States shall be renewed without further examination upon the payment of the fee prescribed in said chapter at any time within four months after the discharge of such person from the service.

SECTION 2. This act shall take effect upon its passage. *Approved May 21, 1918.*

GENERAL ACTS OF 1918, CHAPTER 217.

AN ACT PROVIDING FOR THE PAYMENT OF CERTAIN FEES FOR CERTIFIED STATEMENTS ISSUED BY THE VARIOUS BOARDS OF REGISTRATION OR EXAMINATION.

Be it enacted, etc., as follows:

SECTION 1. Any person who applies to a board of registration or examination established by the commonwealth for a certified statement of registration shall, upon application, pay to the issuing board a fee of either one or two dollars according to rules and regulations established by such board. Said rules and regulations shall stipulate what information is to be furnished for the minimum fee of one dollar, and shall provide that, in case any additional information is furnished, the fee shall be two dollars.

SECTION 2. Any board of registration or examination may issue a duplicate certificate of registration upon satisfactory evidence that the original certificate has been destroyed. The fee for a duplicate certificate shall be five dollars.

SECTION 3. The provisions of this act shall not apply to fees paid under the provisions of section twenty-nine of chapter five hundred and thirty-four of the acts of nineteen hundred and nine and acts in amendment thereof and in addition thereto.

SECTION 4. All fees collected in pursuance of this statute shall be paid monthly into the treasury of the commonwealth.

SECTION 5. This act shall take effect upon its passage. *Approved May 21, 1918.*

GENERAL ACTS OF 1918, CHAPTER 257.

AN ACT TO MAKE CERTAIN SUBSTANTIVE CORRECTIONS IN EXISTING LAWS.

Be it enacted, etc., as follows:

SUPERVISION OF ELECTRICIANS.

SECTION 342. Paragraph (1) of section three of chapter two hundred and ninety-six of the general acts of nineteen hundred and fifteen is hereby amended by inserting after the word "person" in the twelfth line the words "who, in the case of a firm shall be one of its members, and in the case of a corporation, shall be one of its officers," and by striking out after the word "therein" in the fifteenth line the words "provided, however, that any person, firm or corporation that has been engaged in said business for at least five years next prior to the date of the application shall not be required to pass said examination, but shall present proof of fitness", — so as to read as follows: — (1) Two forms of licenses shall be issued: — The first, hereinafter referred to as "certificate A", shall be known as "master electrician's certificate", the second, hereinafter referred to as "certificate B", shall be known as a "journeyman electrician's certificate."

A "master's certificate" shall be issued to any person, firm or corporation engaged in or about to engage in the business of in-

stalling electrical wires, conduits, apparatus, fixtures and other electrical appliances, that shall have qualified under the provisions of this act. A certificate of registration shall be issued specifying the name of the person, firm or corporation so applying, and the name of the person, who, in the case of a firm shall be one of its members, and in the case of a corporation, shall be one of its officers, passing said examination, by which he or it shall be authorized to enter upon or engage in business as set forth therein.

The holding of "certificate A" shall not entitle the holder individually to engage in or perform the actual work of installing electric wires, conduits and appliances as previously described in this act, but shall entitle him to conduct business as an employing or master electrician.

SECTION 343. Section nine of said chapter two hundred and ninety-six is hereby amended by striking out the word "four" in the last line of said section and substituting the word "five", — so as to read as follows: — *Section 9.* Any person applying for a journeyman's license who makes any misstatement as to his experience or other qualifications, or any person, firm or corporation subscribing to or vouching for any such misstatement, shall be liable to the penalties set forth in section five of this act.

SECTION 478. This act shall take effect on the first day of February, nineteen hundred and nineteen. *Approved May 29, 1918.*

Rules for Examinations.

Applicants for Class B, or Journeyman's Certificate, must be at least eighteen years of age.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

Applicants for certificates must receive 70 per cent. on examination to qualify.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Any person failing to qualify in an examination shall not be entitled to re-examination until a period of three months has elapsed.

For application blanks or other information apply to State Examiners of Electricians, Room 372, State House, Boston, Mass.

Room 372, STATE HOUSE.

Rules and Requirements for the Business of installing Electric Wires and Apparatus.

At a meeting of the State Examiners of Electricians duly held at Boston on the twenty-fifth day of July, 1918, the following vote was adopted, vis.:—

"Voted, pursuant to the provisions of section 2 of chapter 199 of the General Acts of the year 1916, to adopt the following rules and requirements for the business of installing wires, conduits, apparatus, fixtures or other appliances for carrying or using electricity for light, heat or power purposes in this Commonwealth, vis.: All persons, firms and corporations entering into, engaging in or working at said business, either as master or employing electrician or as a journeyman electrician, shall be governed by all general and special laws, and municipal ordinances, by-laws and regulations, now or hereafter in force applicable thereto, and in respect to all matters not therein expressly provided shall be governed by the regulations of the National Electrical Code, edition of 1918 (section 26a suspended indefinitely) as published by the National Board of Fire Underwriters on recommendation of the National Fire Protection Association, copies whereof duly attested by the secretary of said association are on file with the Secretary of the Commonwealth and with this Board."

The State Examiners of Electricians have to do with the licensing of electricians only. Inspection and supervision of wiring is entirely under the jurisdiction of local authorities.

The Commonwealth of Massachusetts.

GENERAL ACTS OF 1915, CHAPTER 296.

AN ACT RELATIVE TO THE REGISTRATION OF PERSONS, FIRMS AND CORPORATIONS DESIGNING TO INSTALL WIRES OR APPARATUS FOR ELECTRIC LIGHT, HEAT OR POWER PURPOSES.

Be it enacted, etc., as follows:

SECTION 1. Except as hereinafter provided, no person, firm or corporation shall, after the first day of September, nineteen hundred and fifteen, enter into, engage in, or work at the business of installing wires, conduits, apparatus, fixtures or other appliances for carrying or using electricity for light, heat or power purposes in this commonwealth, either as a master or employing electrician or as a journeyman electrician, unless such person, firm, or corporation shall have received a license or certificate therefor, issued by the board provided for in section two of this act and in accordance with the provisions hereinafter set forth.

The words "master or employing electrician" as used in this act shall mean a corporation, firm or person, having a regular place of business, who, by the employment of journeymen, performs the work of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

The word "journeyman" as used in this act shall mean a person who does any work of installing wires, conduits, apparatus, fixtures and other appliances for hire.

SECTION 2. On and after the first day of July, in the year nineteen hundred and fifteen, the chairman of the civil service commission, the fire prevention commissioner for the metropolitan district and the commissioner of education shall constitute the state examiners of electricians. They shall employ as clerk a practical electrician, who is a wage earner, and a citizen of the commonwealth, who has had at least ten years experience in the installation of wires and appliances for carrying electricity for light, heat or power purposes. He shall receive such salary as shall be determined by the state examiners, subject to the approval of the governor and council, and shall hold his office for a term of three years. The three examiners shall receive no compensation for their services under the terms of this act. The compensation of the clerk and the travelling and other necessary expenses of the state examiners, not however to exceed

five hundred dollars is the aggregate for each of the members thereof, shall, when approved by the governor and council, be paid from the treasury of the commonwealth.

The state examiners of electricians may make necessary rules for the proper performance of their duties.

They shall hold frequent examinations in the city of Boston, and, twice in each year, shall hold examinations in at least five other convenient places within the commonwealth, and they may hold annual or occasional examinations in other places. Public notice shall be given of all examinations.

The state examiners of electricians shall annually, on or before the first Wednesday in January, transmit to the secretary of the commonwealth a report to the general court of its doings.

In the conduct of the examinations they shall make uniform requirements for all cities and towns, which may be revised from time to time, as circumstances may require. Said examinations shall be sufficiently frequent to give ample opportunity for all applicants to be thoroughly and carefully examined, and may be supervised by one or more of the members of the board, but no license shall be granted without the sanction of the board. Examinations may be given in writing or practical work, as deemed most advisable by the board.

The records of the meeting of said board shall be open for inspection at all times, and the board shall have printed annually a manual of its regulations, including the names of all licensees.

SECTION 3. (1) Two forms of license shall be issued:— The first, hereinafter referred to as "certificate A," shall be known as "master electrician's certificate," the second, hereinafter referred to as "certificate B," shall be known as a "journeyman electrician's certificate."

A "master's certificate" shall be issued to any person, firm or corporation engaged in or about to engage in the business of installing electrical wires, conduits, apparatus, fixtures and other electrical appliances, that shall have qualified under the provisions of this act. A certificate of registration shall be issued specifying

the nature of the business in which he is so engaging, and the nature, by which he or it is engaged in business as set forth in section 2, firm or corporation that has been in business for at least five years next prior to the date of application.

not certify the holder in actual work of installing as previously described in section 2 as an employing or

journeyman's license, shall be issued to any person who has qualified under the provisions of this act, or who shall present proof of license and that he has gained his livelihood by the occupation of electrician for five consecutive years next prior to the date of application. A certificate shall be issued specifying the name of the person engaged, by which certificate such person shall be authorized to engage in the occupation of journeyman electrician.

Every person desiring an examination shall make application therefor in writing, accompanied by the proper fee. The fee for an examination for certificate "A" shall be twenty-five dollars and that for certificate "B" shall be one dollar. An applicant who fails in his examination shall not have his fee returned to him, but shall be entitled to one re-examination free of charge. For each subsequent re-examination, he shall pay fifteen dollars in the case of certificate "A" and fifty cents in the case of certificate "B."

(3) All certificates "A" described in paragraph (1) of this section shall expire on the thirty-first day of July in each year, but may be renewed by the same person, firm or corporation, as represented by one or more of its members or officers, without further examination, upon the payment of a fee of fifteen dollars application therefor

GENERAL ACTS OF 1916, CHAPTER 199.

AN ACT RELATIVE TO THE REGULATION OF THE BUSINESS OF INSTALLING WIRES OR APPARATUS FOR ELECTRIC LIGHT, HEAT OR POWER PURPOSES.

Be it enacted, etc., as follows:

GENERAL ACTS OF 1918, CHAPTER 213.

AN ACT RELATIVE TO THE RENEWAL OF CERTAIN ELECTRICIANS' CERTIFICATES HELD BY MEN IN THE MILITARY OR NAVAL SERVICE OF THE UNITED STATES.

Be it enacted, etc., as follows:

GENERAL ACTS OF 1918, CHAPTER 217.

AN ACT PROVIDING FOR THE PAYMENT OF CERTAIN FEES FOR CERTIFIED STATEMENTS ISSUED BY THE VARIOUS BOARDS OF REGISTRATION OR EXAMINATION.

Be it enacted, etc., as follows:

SECTION 1. Any person who applies to a board of registration or examination established by the commonwealth for a certified statement of registration shall, upon application, pay to the issuing board a fee of either one or two dollars according to rules and regulations established by such board. Said rules and regulations shall stipulate what information is to be furnished for the minimum fee of one dollar, and shall provide that, in case any additional information is furnished, the fee shall be two dollars.

SECTION 2. Any board of registration or examination may issue a duplicate certificate of registration upon satisfactory evidence that the original certificate has been destroyed. The fee for a duplicate certificate shall be five dollars.

SECTION 3. The provisions of this act shall not apply to fees paid under the provisions of section twenty-nine of chapter five hundred and thirty-four of the acts of nineteen hundred and nine and acts in amendment thereof and in addition thereto.

SECTION 4. All fees collected in pursuance of this statute shall be paid monthly into the treasury of the commonwealth.

SECTION 5. This act shall take effect upon its passage. *Approved May 21, 1918.*

GENERAL ACTS OF 1918, CHAPTER 257.

AN ACT TO MAKE CERTAIN SUBSTANTIVE CORRECTIONS IN EXISTING LAWS.

Be it enacted, etc., as follows:

SUPERVISION OF ELECTRICIANS.

SECTION 342. Paragraph (1) of section three of chapter two hundred and ninety-six of the general acts of nineteen hundred and fifteen is hereby amended by inserting after the word "person" in the twelfth line the words "who, in the case of a firm shall be one of its members, and in the case of a corporation, shall be one of its officers," and by striking out after the word "therein" in the fifteenth line the words "provided, however, that any person, firm or corporation that has been engaged in said business for at least five years next prior to the date of the application shall not be required to pass said examination, but shall present proof of fitness", — so as to read as follows: — (1) Two forms of licenses shall be issued: — The first, hereinafter referred to as "certificate A", shall be known as "master electrician's certificate", the second, hereinafter referred to as "certificate B", shall be known as a "journeyman electrician's certificate."

A "master's certificate" shall be issued to any person, firm or corporation engaged in or about to engage in the business of in-

installing electrical wires, conduits, apparatus, fixtures and other electrical appliances, that shall have qualified under the provisions of this act. A certificate of registration shall be issued specifying the name of the person, firm or corporation so applying, and the name of the person, who, in the case of a firm shall be one of its members, and in the case of a corporation, shall be one of its officers, passing said examination, by which he or it shall be authorized to enter upon or engage in business as set forth therein.

The holding of "certificate A" shall not entitle the holder individually to engage in or perform the actual work of installing electric wires, conduits and appliances as previously described in this act, but shall entitle him to conduct business as an employing or master electrician.

SECTION 343. Section nine of said chapter two hundred and ninety-six is hereby amended by striking out the word "four" in the last line of said section and substituting the word "five", — so as to read as follows: — *Section 9.* Any person applying for a journeyman's license who makes any misstatement as to his experience or other qualifications, or any person, firm or corporation subscribing to or vouching for any such misstatement, shall be liable to the penalties set forth in section five of this act.

SECTION 478. This act shall take effect on the first day of February, nineteen hundred and nineteen. *Approved May 29, 1918.*

GENERAL ACTS OF 1919, CHAPTER 56.

AN ACT RELATIVE TO THE PRESERVATION OF EXAMINATION PAPERS BY THE STATE EXAMINERS OF ELECTRICIANS.

Be it enacted, etc., as follows:

Examination papers and applications for master or journeyman electrician certificates shall be preserved for at least three years, after which time they may, at the discretion of the state examiners of electricians, be destroyed. *Approved March 28, 1919.*

GENERAL ACTS OF 1919, CHAPTER 333.

AN ACT TO MAKE CERTAIN SUBSTANTIVE CORRECTIONS IN EXISTING LAWS.

Be it enacted, etc., as follows:

SECTION 8. Paragraph (2) of section three of chapter two hundred and ninety-six of the General Acts of nineteen hundred and fifteen is hereby amended by striking out the words "or who shall present proof of fitness and that he has gained his livelihood by the occupation of electrician for five consecutive years next prior to the date of application", in the third, fourth, fifth and sixth lines thereof, — so as to read as follows: — (2) "Certificate B", or a journeyman electrician's license, shall be granted to any person who has passed an examination before the examining board provided for in this act. A certificate shall be issued specifying the name of the person so engaged, by which certificate such person shall be authorized to enter upon or engage in the occupation of

journeyman electrician. Every person desiring an examination shall make application therefor in writing accompanied by the proper fee. The fee for an examination for certificate "A" shall be twenty-five dollars and that for certificate "B" shall be one dollar. An applicant who fails in his examination shall not have his fee returned to him, but shall be entitled to one re-examination free of charge. For each subsequent re-examination he shall pay fifteen dollars in the case of certificate "A" and fifty cents in the case of certificate "B".

SECTION 41. This act shall take effect on the first day of February, nineteen hundred and twenty. *Approved July 19, 1919.*
